RE: DTE Appalachia Gathering, LLC
Annual Compliance Report – 40 CFR 60 Subpart 0000 & 0000a
Reporting Period: August 3, 2018 – August 2, 2019

FW
NV -

To Whom It May Concern:

DTE Appalachia Gathering, LLC (DTE) hereby submits the annual compliance report for affected facilities subject to New Source Performance Standards (NSPS) 40 CFR 60 Subpart 0000 and Subpart 0000a. Compliance reports for DTE's affected facilities under both Subparts (as applicable) are hereby submitted in a consolidated report by October 31, 2019, which covers the reporting period from (August 3, 2018 – August 2, 2019).

Required information for the Subpart 0000/0000a affected facilities operated by DTE, including reciprocating compressors, compressor station fugitive component leaks and repairs, and a summary of any deviations, is included with this report. At this time, DTE does not operate any well affected facilities, centrifugal compressor affected facilities, pneumatic controller affected facilities¹, storage vessel affected facilities², processing unit affected facilities, or sweetening unit affected facilities as defined under Subparts 0000 or 0000a.

Should you have any questions regarding this report, please contact me by phone at (724) 416-3642 or by email at Kimberly.walker@dteenergy.com.

Respectfully,

Kimberly A. Walker
DTE Midstream

Attachments

¹ DTE does operate pneumatic controllers constructed after September 18, 2015, but they are either intermittent or continuous low-bleed devices < 6 scf/hr, or are powered by air. As such, they are not pneumatic controller affected facilities as defined under the rules.

² DTE does operate storage vessels constructed after September 18, 2015, but VOC emissions from these vessels are < 6 tons/yr. As such, they are not storage vessel affected facilities as defined under the rules.
